ABDULLAH MOHAMED

WordPress Developer

Cairo, Egypt • 01221615836 • abdullahmohamed.en@gmail.com • LinkedIn

PROFESSIONAL SUMMARY

Self-motivated and detail-oriented WordPress Developer with over 4 years of hands-on experience designing and developing responsive, high-performance websites. Proficient in HTML, CSS, JavaScript, PHP, and React.js, with strong expertise in WordPress CMS, custom theme and plugin development, and WooCommerce. Experienced in client consultation, technical problem-solving, and delivering scalable, SEO-friendly websites for clients across the Gulf region and international markets. A fast self-learner with a passion for web technologies, capable of managing multiple projects efficiently and leading teams in both collaborative and independent environments.

PROFESSIONAL EXPERIENCE

WordPress Developer | BOLESA

September 2025 – September 2026

- Developed and maintained WordPress-based eCommerce websites tailored to the Saudi market.
- Built custom WooCommerce solutions, including product management, checkout optimization, and payment gateway integrations.
- Customized themes and plugins to meet business requirements while ensuring scalability and high performance.
- Improved website speed, security, and SEO to enhance user experience and increase conversion rates.
- Worked closely with stakeholders to implement new features and optimize online store functionality.
- Provided ongoing maintenance, bug fixing, and technical support for live eCommerce platforms.

WordPress Developer & Team Leader | PillarsPR

Jan 2024 – Jul 2025

- Led a small team of developers in delivering custom WordPress websites for clients across various industries.
- Built full websites from scratch using custom themes, premium plugins, and tailored functionality.
- Supervised project execution from planning to deployment, ensuring performance, quality, and client satisfaction.
- Worked closely with international clients, adapting websites to meet specific market needs and user behaviors.
- Collaborated with UI/UX designers and content teams to ensure cohesive, user-friendly designs.
- Provided post-launch support, training, and ongoing improvements based on analytics and user feedback.

WordPress Developer | Arab International Academy (AIA) *2022 – October 2023*

- Maintained and updated the WordPress website interface to ensure a seamless user experience.
- Troubleshot technical issues, optimized site speed, and improved query performance.
- Applied emerging technologies to keep the platform modern, secure, and user-focused.

Freelance WordPress Developer | Self-employed *2021 – Present*

- Designed and developed over 50 custom WordPress websites for clients from the Gulf region and international markets.
- Focused on responsive design, fast performance, and clean backend development using PHP.
- Translated client requirements into technical specifications and delivered fully functional websites.
- Converted Figma and PSD designs into dynamic WordPress themes with precise design integrity.
- Provided full-cycle development, from website proposals and design to deployment and ongoing support.
- Integrated SEO best practices to improve search engine visibility and drive organic traffic.
- Offered reliable technical support, bug fixing, and performance optimization post-launch.
